HAND KNITS FOR MEN AND WOMEN IN SERVICE...

A Tribute to YOU

—the Women of Canada

* The "Honour Roll" of Canadian Women's Organizations registered with the Department of National Service in Ottawa, is presented on pages 24 to 27.

FEW, including those closely connected with the work, realize the achievement of Canadian women toward helping win the war.

Organized effort, represented by more than one thousand registered * organizations with total membership in the millions, shows the tremendous contribution in time, trouble and expense being volunteered by the women of Canada. In addition, there is the individual effort reaching into practically every home—representing virtually the complete mobilization of woman-power to the end that peace may come more quickly.

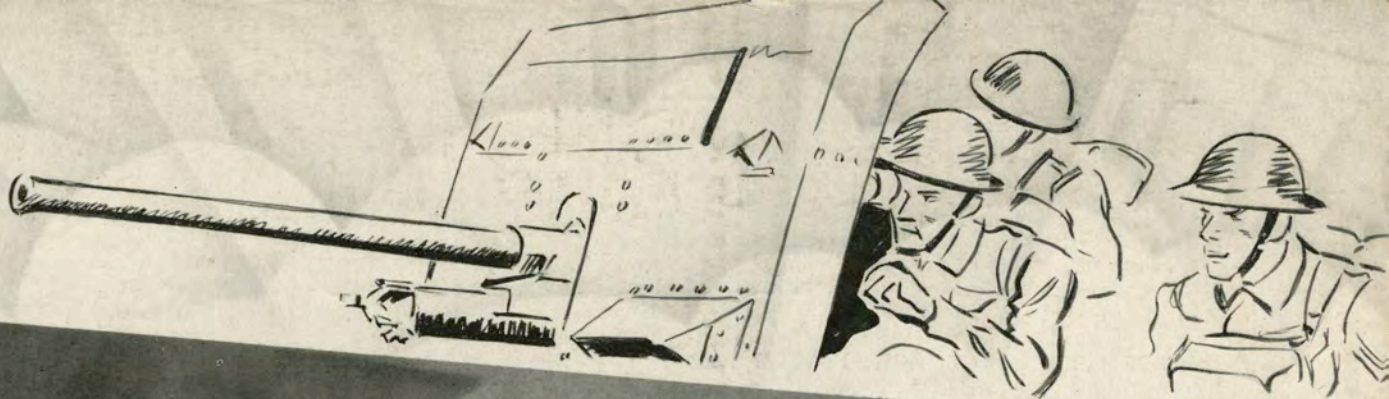

In this splendid work, this "all-out" effort, on a scale unprecedented in the history of Canada, hand knitting has played, and will continue to play, an important part in providing warm garments indispensable for the comfort of those in the service, for refugees and for our own war guests.

Hand knitting is an opportunity to express, in tangible form, care and affection for those who are dear. It is an opportunity to put idle time to profitable advantage, realizing that some airman, some soldier or some sailor (often unknown to you) will be made happier by your work—that some child or some mother driven from home by the cruelty of war may be made more comfortable by the protection of the warm wool garments you supply.

This knitting book, containing a complete range of carefully chosen hand knit garments for the men and women in the service and for war victims, is dedicated to you, the women of Canada, to help you get enjoyment from your knitting and satisfaction from knowing that your time and effort are being used to best advantage.

Let's Not Waste Anything

Old fabrics, metals, paper—all will help to win the war. Save them and get in touch with your local salvage organization.

Be Courteous To "The Boys"

Wherever we meet a man wearing his country's uniform, let's lend a helping hand.

Work To Win The War

Knit During Your Spare Time

Thousands of Canadian women are knitting things for the soldiers. There are organizations everywhere ready to tell you what is needed and how to knit it.

A Gift Box Now And Then

They have pledged everything for their future liberty and ours. Let's show our appreciation in every way we can.

Think Victory • Talk Victory

What we say to one man he often repeats to others. It is thus that a national state of mind is created.

You Enjoy Your Magazines

So will the boys at camp. After you have read them, there are organizations everywhere ready to get them into the right place.

Every Dime Is Important

A small sacrifice now will prevent a greater sacrifice later. Help Canada all you can in behalf of your future liberty.

WOMEN'S MILITARY SERVICE CORPS use the same color as the Service to which they are attached.

NURSES—All knitted accessories should be in Navy Blue.

PRESSING

Do not Press with hot iron—steam garment or shape between damp towels.

INFORMATION TO REMEMBER

All Services may wear grey socks. The Navy must wear Navy Blue or Black when on shore leave.

The Merchant Navy may wear any color. Navy Blue or Grey is preferred.

Check garments carefully before sending to your depot. Sock tops should stretch to 7½ inches. Elasticity is secured by casting on stitches loosely or by using a larger needle for casting on stitches.

When joining ends always splice wool instead of tying knots.

Care should be taken to pick up stitches loosely on side of double heel so as not to form a ridge.

Toes should be grafted at the same tension as the stocking so as not to form a bulge at either end of grafting.

Finish the end by running it away from the toe rather than across the end of the toe.

GLOVES, MITTS, CAPS, etc.—If you have any doubt as to the fit, try them on an average size man.
