

Dec. 24th 1918.

Dear Mother.

I received your very welcome letter a few days ago and I was very pleased to hear from you.

I'll answer your letter to-morrow as I haven't got much time just now.

I saw Willie a few days ago and he was getting on fine and he sends his love to all.

Well Mother this is a photo of the Battalion taken as we were crossing the Rhine River. I take good care of it as this is the only one I have. I must close for now I send my best love to all & remain
as ever your loving son Victor
