The Yellow Pages of the Telephone Directory are indeed happy to have the opportunity of co-operating in the work being done for British civilians by the Canadian Red Cross Society.

We sincerely hope that these instructions for civilian knitting will aid you to speed up the production of these badly needed garments.

Undoubtedly there are many occasions when you are at a loss to find an article or a service you require promptly. At such times we would urge you to consult

THE YELLOW PAGES OF YOUR TELEPHONE DIRECTORY

They are

CHECK THE TENSION

The garments in this book are worked to the exact tension given. Check your tension. Before beginning your garment take the wool and needles specified. Cast on 20 stitches. Work 20 rows stocking stitch and compare with the tension given in the instructions. All given tension is measured over stocking stitch. If your tension is too loose try a size smaller needle. If your tension is too tight try a size larger needle. Be sure to work to the exact tension given if you want your garments to work to correct size.

TO MAKE TASSELS

Cut a piece of cardboard $1\frac{1}{2}$ inches wide and 3 inches long. Wind a piece of wool 20 times round and round width. Break the wool, leaving an end about 6 inches long and thread end through a wool needle. Slip needle through all the loops on the cardboard and tie the wool tightly at one edge. Slip off the cardboard and wind the wool several times around the loops $\frac{1}{2}$ -inch from fold. Draw the needle through the top and sew the tassel to the end of the tie. Cut through the other fold and even off the ends.
