**THE RECRUITER,**

Westville, N. S.

Once an Irishman said to his spiritual adviser, "Father, do you know I am the best Catholic in this town?" "Well," replied the priest, "You have such a remarkable way of concealing it that I am sure nobody is aware of the fact but yourself."

There are people who hitherto succeeded to a wonderful extent in hiding their zeal for righteousness and their joy in keeping the commandments who now are troubled about many things because Christian leaders appeal for recruits. Their question is, "Why are these men preaching war?" Men who appeal for recruits are not preaching war. We have war without either the asking or the desire to have it. They are preaching the only means by which peace can possibly be secured. Only a foolish man would sit idly in his pathway and allow himself to be run over by an angry bull. One who, under such circumstances, would quietly say, "peace, peace" without making an effort to curtail the actions of the beast, would, with good reason, be considered a raving maniac. Is it not infinitely more foolish to make no attempt to prevent our nation from being "run over" by Germany?

If attacked by a pack of wolves, and a man saw his wife and children

being torn to pieces before his eyes, that would be no time for him to deliver a lecture on being kind to dumb animals. His first duty would be plain to be seen before him. Can we not see ours, when a nation of monsters continue to perpetuate the most horrible atrocities ever known in history?

### The Band is Coming

There is a treat in store for the people of Pictou County, and unless we make a mistake, they are going to enjoy it to the fullest extent. It is a treat that some of us have had before, and shall look forward to it all the more on that account. It is a treat that we may never have again, and all of us should make the most of it for that reason.

Anyone who knows the people of this County knows also that they are among the most hospitable people in the world. The hand of friendship is not hidden in their pockets. Their doors are not closed when an old friend comes to visit them. They are a people of deep feeling, of sincere affection, and in the matter of patriotism they stand second to none in the Province, or, for that matter, in the Dominion. And now they are to be given an opportunity of expressing these characteristics. Some of the finest men who ever left this County for any reason—and the men of whom we are thinking left for the best of reasons—are about to pay a visit to their native towns, and if they do not receive a most enthusiastic "welcome home again", it will surprise us.

After a great deal of labor, and at considerable expense to individuals as well as the Government, the services of the magnificent 85th Battalion Brass Band have been secured for meetings to be held in the County

## THE RECRUITER

### Important to Nova Scotians Who Enlist for Overseas Service

When a man is thinking of enlisting there are five questions that he wants answered. They are:

1. How long am I to serve? Until the end of the war, and six months after, if required.
2. What pay shall I receive? Your pay as a private shall be \$1.00 per day and ten cents field allowance. Besides this you will be clothed, equipped and subsisted by the government.
3. What shall my wife receive during my absence? Every month there will be paid her a separation allowance of \$20 (also a part of your pay), and if this is not enough to comfortably maintain your family the Canadian Patriotic Fund will further assist them.
4. What will happen if I am wounded or sick? You will be cared for by the government and your pay continued until you are discharged. If you are permanently disabled, an allowance will be paid you, varying according to the extent of the injury or disability.
5. What will be done for my wife and children if I die while on active service? The government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if son be her sole support, is treated in the same way as a wife.

If you wish further information ask the secretary of the branch of the Canadian Patriotic Fund in your town.

### Subscribers Wanted

The purpose of this paper is to keep all the people of Pictou County in touch with information that will assist the recruiting campaign. It is desirable that this paper should visit every home in the county weekly. The publisher has been informed by the Post Office Department that they can only grant newspaper rates on papers sent to regular subscribers who have ordered the paper. This makes it very important that all who can should subscribe at once, in order to carry out the idea that prompted having this paper published. The subscription price has been placed at the small sum of twenty-five cents for six months, which, of course, will not meet the expenses of printing, but will enable the publisher to comply with the postal regulations. Kindly send 25 cents by return mail to Captain J. F. Tupper, Westville, N. S., and say you wish him to send THE RECRUITER.

## THE RECRUITER

from Nov. 22nd to 27th inclusive, at places advertised elsewhere. These meetings are Recruiting Meetings, and the people who attend them will have the treat of hearing again—it may be for the last time—the Band of which Pictou County is so justly proud.

You may be sure that on such an occasion as this we, of this County, will live up to our reputation. These noble men of talent, who have offered themselves to the service of King and Country—this country as much as any other—are going to be given one of the most united and heartfelt welcomes ever heard of. Huge crowds will turn out to greet them at every place they visit, not simply to enjoy the music, but also to express admiration of their heroic sacrifice, and it is hoped that many who are able will follow their example.

People of Pictou County! It is “up to us” not only to make the most of this unique opportunity from our own pleasure’s point of view, but also to show these men how much we think of them by crowding to overflowing every meeting at which they shall be present.

This is a company of three hundred men which has been authorized by the Militia Department at the express request of the War Office, in England. The Company will be largely comprised of men who have had experience in mining in soft soil, the object of the Company, of course, being to engage in tunnelling for Military operations at the Front. The Company will be commanded by Major R. P. Rogers, Civil Engineer, of Cobalt Ont. They will be mobilized at Pembroke, Ont., and the enlistment of 150 men for this Company, in Nova Scotia has been authorized. The mobilization at Pembroke will only be temporary, as it is expected that the Company will leave for Overseas very soon after mobilization is completed.

At present two have been appointed, Lieutenant R. R. Murray, Canadian Engineers, who comes from Springhill, Cumberland County, and Lieutenant Moriey, who comes from Cape Breton. Qualifications, pay and allowances in this Company are the same as in other units of the C. E. F.
